

PRESS RELEASE

HOPES AUCTION COMPANY TO BUILD ON THE SUCCESS OF FURNITURE AND ANTIQUE SALES

A dedicated auctioneer and valuer has joined Hopes of Wigton to help deliver an enhanced service to the North Cumbria community. For many years Hopes Auctions has run a furniture and Antiques auction sale but only as and when the main activity of livestock sales allowed. Now with the appointment of Stephen Farthing, the furniture and collectable side of the business is set to expand. Priding themselves on personal service to the local community, Hopes Auctions see this appointment as adding to the overall service they provide and complimenting the core business of livestock and property sales. Stephen, whose background includes owning an antiques shop, retail management and latterly working with English Heritage, said; ' Hopes traditional values attracted me to this exciting opportunity. I can see gaps in the market for a number of specialist sales alongside the current general sales which should build upon the high reputation that Hope Auctions hold in the area.'
